2. VALUE: What strategies does your team follow to provide value to your stakeholders? Please select all that apply (if any).

[Create Chart](#)

[Download](#)

		Response Percent	Response Count
We are producing working software every iteration/sprint during construction	<input type="checkbox"/>	80.9%	123
We actively consider usability issues in the development of the solution	<input type="checkbox"/>	69.7%	106
There were one or more iterations/sprints at the start of the project where we did not produce working software due to project initiation considerations	<input type="checkbox"/>	40.8%	62
		answered question	152
		skipped question	141

2. VALUE: What strategies does your team follow to provide value to your stakeholders? Please select all that apply (if any).

[Create Chart](#)

[Download](#)

At the start of the project we identified our key stakeholder groups and their goals	<input type="checkbox"/>	63.8%	97
We have regular discussions with key stakeholder groups to understand their goals throughout the project	<input type="checkbox"/>	69.7%	106
We have a definition of what it means to be done	<input type="checkbox"/>	61.2%	93
We are implementing improvements to the business process	<input type="checkbox"/>	51.3%	78
We are making business personnel changes as a result of this project	<input type="checkbox"/>	16.4%	25
We are producing supporting documentation, such as user manuals or operations manuals	<input type="checkbox"/>	42.1%	64
Show replies Other (please specify if appropriate)			9

3. VALIDATION: What strategies does your team follow to validate their work? Please select all that apply (if any).

[Create Chart](#)

[Download](#)

	Response Percent	Response Count
We perform our own regression testing on a regular basis 	66.2%	98
We take a test-driven development (TDD) approach at the design level (e.g. via xUnit). 	48.0%	71
We take a TDD approach at the requirements level (e.g. via acceptance tests or story tests) 	33.8%	50
Regression testing is performed by an independent test team in parallel to development 	32.4%	48
At the end of the project, "final" testing is performed before releasing the system by an independent test team 	41.2%	61
We review our work with other technical people external to the team 	22.3%	33
At the end of each iteration, we demo our work to key stakeholders 	74.3%	110
We have "all hands" demos to a wider range of stakeholders every so often 	33.1%	49
	answered question	148
	skipped question	145

3. VALIDATION: What strategies does your team follow to validate their work? Please select all that apply (if any).

[Create Chart](#) [Download](#)

We include static code analysis in our build	<input type="text"/>	33.1%	49
We include dynamic code analysis in our build	<input type="text"/>	19.6%	29
We follow non-solo development techniques such as pair programming	<input type="text"/>	37.2%	55
